### **World-Class Ethanol & Specialty Chemical Plant Solutions:**

Crab & Taur, in strategic partnership with KATZEN International, delivers industry-leading Engineering, Procurement, and Construction (EPC) services for Fuel Ethanol, Industrial Ethanol, Ultra-Pure Neutral Spirit (VHQ™), and Specialty Chemical Plants. Leveraging KATZEN's cutting-edge process technology and decades of innovation, we bring tailored, high-efficiency solutions to clients across India and Southeast Asia.

Crab & Taur's state-of-the-art manufacturing facility in Pune produces proprietary components essential to KATZEN's advanced designs—ensuring seamless integration, heightened operational efficiency, and exceptional performance.

### **Proven Process Innovation Since 1955:**

KATZEN is a global pioneer in bioethanol process design and engineering, with more than 140 successful projects across 40 countries. Renowned for delivering high yields, energy efficiency, and precision optimization, KATZEN's technologies are trusted by leading producers worldwide.

KATZEN's custom plant designs can accommodate a wide variety of feedstocks—from first-generation grains and sugars (corn, wet and ensiled corn, wheat, barley, cassava, potatoes molasses, and more) to second-generation cellulosic biomass. Whether producing fuel-grade, industrial-grade, or ultra-pure VHQ™ ethanol (<1 ppm impurities, zero detectable organoleptics), KATZEN ensures exceptional quality and consistency at every scale.

### **Driving Sustainable Success Across Asia:**

Together, Crab & Taur and KATZEN offer complete, real-world solutions that are practical, sustainable, and profitable. This powerful collaboration combines KATZEN's technological leadership with Crab & Taur's superior EPC execution—empowering ethanol producers in India and Southeast Asia to achieve long-term success and industry leadership.

### **INPASA Agroindustrial S.A.**

Location: Sinop, Mato Grosso, Brazil | Capacity: 5,600,000 LPD

Feedstock: Corn | Products: Motor Fuel Grade,

### **Bioagra S.A.**

Location: Nysa, Poland | Capacity: 750,000 LPD

Feedstock: Corn, Wet Corn, Ensiled Corn, Other Grains

Products: VHQ™, Potable and Pharma Grade, Premium Industrial Grade, Industrial Grade, Motor Fuel Grade, Neutral Spirit

### **Rajburi Ethanol Company, Ltd**

Location: Baan Pong, Thailand | Capacity: 150,000 LPD

Feedstock: Wet Cassava, Cassava Chips, Molasses, Sugar Juice

Products: Motor Fuel Grade Ethanol

---

### **Golden Triangle Energy**

Bolt-on VHQ™ system | Location: Craig, Missouri

Capacity: 370,000 LPD | Feedstock: Corn, Motor Fuel Grade Ethanol

Products: VHQ™ (less than 1ppm impurities, super high-grade quality Potable and Pharma Grade) Premium Industrial Grade, Industrial Grade
